## **Programs and Policies Subcommittee Report—Peter Vader**

Peter moved the resolutions as sent to all members; Abigail seconded. Approved.

## **Adjourned at 4:14 PM**

After the meeting, those who met at Grant Street & Marquette Avenue proceeded on foot to tour a few projects in the vicinity. At each site, Matthew offered us insights, and we discussed what we saw. We looked at the bike lane on Marquette between Grant and 15th Streets; the intersection of 15th & Marquette, which has a unique “bike box” made by the green lane striping; Oak Grove & 15th Street, where the bike lane meets the congestion at Lyndale & Hennepin; Maple Street & Hennepin; and 11th Street & Hennepin.
