Section 1. That Section 24.180 of the above-entitled ordinance be amended and renumbered as Section 24.110 to read as follows:

24.180 24.110. Public hearing Special assessment procedure. ~~Prior to the adoption of assessments for local improvements pursuant to Chapter 10, Section 8~~ Special assessments shall be adopted pursuant to the authority set out at Article IX, Section 9.6(c)1 of the City Charter. ~~Prior to adoption,~~ a public hearing shall be conducted by the city council or a committee of the council to which the matter of the assessment has been referred. Notice of such hearing shall be published in the official newspaper of the city not less than twenty-one (21) days prior to the public hearing and shall be mailed at least fourteen (14) days prior to the date set for the public hearing to the owners of the properties to be assessed as shown on the list presented to the council by the city engineer. The notice of public hearing mailed to the owners of the property to be assessed shall include the amount of the proposed assessment, together with a statement that if after the city council adopts the assessments the owner of the property is dissatisfied with the assessment against his property he may appeal to the district court ~~by serving a notice upon the mayor or the city clerk within thirty (30) days after the city council has adopted the assessments and by filing the notice with the clerk of the district court within ten (10) days after its service pursuant to Section 24.120.~~ The notice must also state that no appeal may be taken as to the amount of any assessment unless a written objection signed by the affected property owner is filed with the clerk prior to the assessment hearing or presented to the presiding officer at the hearing.

Section 2. That Chapter 24 of the Minneapolis Code of Ordinances be amended by adding thereto a new Section 24.120 to read as follows:

24.120. Appeal of assessments. Any person aggrieved, who objected prior to or at the assessment hearing, may appeal by serving a notice upon the mayor or the city clerk within thirty (30) days after the city council has adopted the assessments and by filing the notice with the clerk of the district court within ten (10) days after its service. The court shall either affirm the assessment or set it aside and order a reassessment. If appellant does not prevail upon the appeal, the costs incurred shall be taxed by the court and judgment entered therefor.

Section 3. That Chapter 24 of the Minneapolis Code of Ordinances be amended by adding a new Section 24.130 to read as follows:

24.130. Irregularities and reassessments. The city council may cancel, decrease, or refund assessments at any time and without public hearing. The city council may increase assessments to correct omissions, mistakes or erroneous estimates relating to the total cost of the improvement or any other particular, using the same procedure as required for holding a public hearing and notification of affected property owners as for the original assessment. The city council may assess anew any whole or partial annulment or vacation by judgment of any court using the same

procedure as required for holding a public hearing and notification of affected property owners as for the original assessment. Nothing in this section shall authorize any new assessments in cases where a court has determined that the lots of land are not subject to assessment.

No omission, informality or irregularity in proceedings in or preliminary to the making of any special assessment shall affect the validity of the same, where the assessment roll has been adopted by the city council. And the assessment roll, and the record thereof kept by the city clerk, shall be competent and sufficient evidence that the assessment was duly levied and the assessment roll duly made and adopted, and that all other proceedings antecedent to the adoption of such assessment roll were duly had, taken and performed, as required by the Charter. No failure of the city clerk to record the assessment roll, or to deliver the same to the county auditor on or before the time prescribed for such delivery, or to do any other act or thing of him required, shall in any way invalidate any assessment; and no variance from the directions herein contained, as to the form or manner of any of the proceedings, shall be held material, unless it be clearly shown that the party objecting was materially injured thereby.

Section 4. That Chapter 24 of the Minneapolis Code of Ordinances be amended by adding thereto a new Section 24.140 to read as follows:

24.140 Assessment rolls. The City Council may, by resolution, direct the County Auditor of Hennepin County, to cancel, on any record, where the same appears, any special assessments theretofore assessed and levied by said City Council, whether because the same be irregular or erroneous, or because the improvement, for the cost of which said special assessment shall have been assessed and levied, shall have been constructed by the owner of the property against which said special assessment shall have been assessed and levied, and in any such case of the cancellation of any such special assessment the Auditor shall make the necessary credits of the amounts of such special assessment so canceled on the proper books and to the proper officers. The City Council may provide by ordinance or resolution that the certificate of an officer of the Department of Public Works or other proper officer, that any improvement, for which any such special assessment shall have been made, has so been constructed by the owner of the property against which any such special assessment shall have been made, presented to the said County Auditor, shall be sufficient authority for said Auditor to cancel the special assessment so assessed and levied for the cost of such improvement against the property named in said certificate, and for authority in that case for the said Auditor to make said proper credits. The City Council may also direct, by resolution or motion, the said County Auditor to divide any special assessment and place parts thereof on any part of the real estate against which the same is assessed and levied, and to make the necessary corrections and records thereof.

When the total cost of any improvement, for which special assessments have been assessed and levied, shall be less than the total special assessments assessed, levied and collected for the same, said City Council may refund out of the permanent improvement fund to the owners of the real estate against which said special assessments have been made, who have paid the same, their proportionate share of the excess of such special assessments so collected over the total cost of such improvements. After any improvement has been ordered and the special assessments for the cost thereof have been assessed and levied, if any person or persons desirous of having such improvement constructed before the collection of such special assessment shall advance the cost of such improvement and pay the same to the City Finance Officer for the credit of the permanent improvement fund, such money so advanced to construct such improvement shall not be used or appropriated for any other purpose; that said City Council may then cause the immediate construction of such improvement and shall, when said special assessments assessed and levied to

pay for the same are collected, cause the same to be paid to such person or persons advancing the money for the cost of such improvement.

Section 5. That Chapter 24 of the Minneapolis Code of Ordinances be amended by adding thereto a new Section 24.150 to read as follows:

24.150. Assessment liens to have priority. Assessments shall be a lien against property. No sale under execution or other proceedings upon a judgment, decree, foreclosure or lien, and no transfer or mortgage shall divest or affect the lien of any assessment, for any tax or for any improvements chargeable to or assessed against the property under the Charter, although the confirmation of such assessment may be subsequent to the lien of such judgment, decree or other lien or to such transfer or mortgage.

Section 6. That Chapter 24 of the Minneapolis Code of Ordinances be amended by adding thereto a new Section 24.160 to read as follows:

24.160. Assessment installments and transmittals. Whenever the city council shall determine to cause to be made any improvement authorized by Chapter 10, Section 8 of the City Charter for which assessments may be made against properties benefited by such improvement, the council shall fix the number of successive equal annual installments, not in excess of twenty, in which assessments for such improvement may be paid, and shall fix the interest rate to be paid annually on all unpaid installments at a rate not to exceed the prevailing maximum rate of interest provided for in Minnesota Statutes, Section 429.061, subdivision 2. The first installment shall be payable in the year following completion in the same manner as real estate taxes. Thereafter all subsequent installments shall also be payable in the same manner as real estate taxes.

The Council shall transmit to the County Auditor of Hennepin County any assessment rolls adopted by the Council whereby it shall assess and levy any special assessments against lots and parcels of property for the purpose of paying the assessed share of the cost of any such improvement. Any such assessment roll shall show the number of installments in which the assessment may be paid, and the annual rate of interest to be paid on all unpaid installments. Said Auditor shall include in the taxes for each year one of the installments, together with one year's interest on that installment and all subsequent installments, provided that the owner of any property so assessed may within thirty days of the adoption of the assessment roll, pay the entire amount of the assessment on such property without any charge for interest, and may thereafter pay at any time the entire amount of the assessment remaining unpaid with accrued interest. Said Auditor shall so keep books that the Treasurer of said County can and shall at the time of the proper settlements with said City of Minneapolis, or with its proper City Finance Officer or other officers, report the amount of the interest on said deferred installments separately from the amounts of the installments paid in any year.

For keeping all of the information which may be required of the County Auditor under the various special assessment plans which have now or may thereafter be adopted by the City Council, which shall include every kind of entry whether ordered or requested by said City Council or any Court, the city shall pay the County Auditor the sum of two dollars and fifty cents (\$2.50) for each entry of a special assessment entered by the Auditor upon the tax list of the County, the same to be payable upon the completion of the tax list for each year.

Section 7. That Chapter 24 of the Minneapolis Code of Ordinances be amended by adding thereto a new Section 24.170 to read as follows:

24.170. Improvements made by contract or city. Any improvements, the means to make or construct which may be raised by special assessment, may be performed by contract let in the ordinary way, or directly by the city by the employment of labor and purchase of material, or in any other manner in which the City Council may deem proper in each particular case. And the City Council may in its discretion, in any case, instead of causing the special assessment to be made entirely upon estimates as hereinbefore provided for, wait until the letting of the contract for such improvement, or until such improvement shall be made before determining and fixing upon the cost and expense of such improvement.

Section 8. That Chapter 24 of the Minneapolis Code of Ordinances be amended by adding thereto a new Section 24.180 to read as follows:

24.180. Timing of collection. The City Council may, at the time of ordering any improvement for which any assessment may be made, determine whether to proceed at once with such improvement or await the collection of such assessment.

Section 9. That Chapter 24 of the Minneapolis Code of Ordinances be amended by adding thereto a new Section 24.190 to read as follows:

24.190. Deficiency paid from permanent improvement funds. No special assessment shall be questioned or held to be invalid, because the amount of such special assessment shall happen to be either more or less than the amount of money actually required for the improvement for which such assessment shall be made. If the amount raised by such special assessment shall happen to be less than the amount required for such improvement, the balance shall be paid from the permanent improvement fund; and upon any assessment rolls or other papers made or used in any of the proceedings, it shall not be necessary that words shall be written out in full, but abbreviations, letters, figures and recognized characters may be used whenever their use shall be convenient, and no error or mistake as to the name of the owner of any property shall be regarded as material in any proceedings under this chapter.

Section 10. That Chapter 24 of the Minneapolis Code of Ordinances be amended by adding thereto a new Section 24.191 to read as follows:

24.191. Special assessment funds to be kept separate. In case any assessment for improvement is collected before the making of such improvement, the money so collected shall be kept separate from the funds of the city and not devoted to any other purpose than for such improvement.

Section 11. That Chapter 24 of the Minneapolis Code of Ordinances be amended by adding thereto a new Section 24.192 to read as follows:

24.192. Assessments may be paid to city finance officer. After any special assessment roll shall have been adopted by the City Council and before the same shall be delivered to the County Auditor for collection, any assessment thereon may be paid direct to the City Finance Officer of said city; and upon the production of the City Finance Officer's receipt therefor to the City Clerk, he or she shall enter upon such assessment roll, opposite the assessment so paid, the words, "Paid to City Finance Officer," which entry shall cancel the assessment so paid. In case interest shall have been included in such assessment, so much of such interest as shall not have accrued on such assessment at the time of such payment, shall be deducted therefrom.

Section 12. That Chapter 24 of the Minneapolis Code of Ordinances be amended by adding thereto a new Section 24.193 to read as follows:

24.193. Permanent improvement revolving fund. The special fund called "The Permanent Improvement Revolving Fund," heretofore created and existing in and for the City of Minneapolis at the time of the adoption of the Charter, is hereby continued and recreated as a special fund of said city. To said fund shall be credited the proceeds of all municipal bonds heretofore or hereafter issued by the City of Minneapolis for the purpose of paying the assessed portion of the cost of making and constructing local improvements except water mains in advance of the collection of the special assessments assessed and levied to defray such assessed portion of the cost of such local improvements except water mains, and also the proceeds of each of the installments of all special assessments heretofore or hereafter assessed and levied by the City Council, which are to be paid in equal annual installments as provided in the next preceding section of this chapter. The portion of the cost of any improvement except water mains which is not to be assessed against benefited property shall be paid from the Permanent Improvement [Revolving] Fund of the City from the proceeds of bonds issued for that purpose or from such other moneys as may be available for such purpose. The payment out of said Permanent Improvement Revolving Fund shall be only that portion of the cost of improvements the payment of which has been provided for by such special assessments against benefited property and said fund shall be diverted to no other purposes except temporary loans, and any refunding of excess assessments as authorized in Section 26 and for repayment of any debt incurred to finance the improvements.

Amending Title 17, Chapter 427 of the Minneapolis Code of Ordinances relating to Streets and Sidewalks: In General.

The City Council of the City of Minneapolis do ordain as follows:

427.20. ~~Street widths~~ City Council to Control Streets. The City Council shall have the care, supervision and control of all highways, streets, alleys, public squares and grounds within the limits of the City. The City Council may lay out and open new streets and alleys, and extend, widen and straighten any that now exist, or which may hereafter exist. For the purpose of drainage, construction of bridges, or making other necessary public improvements, or for the improvement of the health or sanitary condition of the people of the City, the City Council may, through its

designated agents or contractors, enter upon, lower, raise, change the course of or divert any stream of water, in accordance with federal and state law, (except the Mississippi River) or any ditch or drain within the limits of the City, and may build, maintain and repair bridges across streams or railway tracks, in accordance with state and federal law, and may provide for the pavement of gutters or of the roadbeds of any street or alley. The widths of streets shall be as established by the council and shall be filed with the city engineer. The City Council shall have authority to designate districts or portions of the streets and alleys of the City, for the purpose of cleaning the same, and may provide for the cleaning of these districts by city forces or by contract on such terms as the City Council shall deem advisable.

Section 2. That Section 427.50 of the above-entitled ordinance be amended to read as follows:

427.50. ~~Notice of proposed grade changes~~ Street Grades. The City Council may establish the grade of any street when such grade has not been established, and may by vote of two-thirds of the members of the Council change the grade of any street after such grade has been established. Accurate profiles of the grades of all streets shall be made and kept in the Department of Public Works. Before any ordinance is passed providing for a change of grade on any street or alley, the city engineer shall notify by mail all owners of property abutting on the street when said the proposed grade change is to be made, so far as such the owners can be readily ascertained by such the city engineer.

Whenever the grade of any street shall be established or changed by the City Council, the owner of abutting property may file with the City Clerk, within twenty days after the City Council votes to establish or change the grade of a street in front of an abutting property, notice that the owner of the abutting property will claim damages by reason of the establishment or change of grade in front of the owner's abutting property, giving the description of the land and the buildings thereon, together with the amount of the value of such land and buildings, in the owner's judgment, and the amount of the alleged damages which such establishment or change of grade will, in the owner's judgment, cause to the owner's land and buildings, which notice shall be sworn to and shall be accompanied by the certificate of the City Assessor of the City of the value in the City Assessor's judgment of such land and buildings, and of the damages which in the City Assessor's judgment such establishment or change of grade will cause to the land and buildings and the City Assessor shall examine said buildings and land, and the change of grade, as so voted, and make the requested certificate pursuant to the request of the owner of such property. After the expiration of the twenty (20) days and within thirty (30) days after the expiration of the twenty (20) days, if the City Council shall, from the amount of damages claimed by such notices, deem it unwise to establish such grade or to make such change of grade of such street, it may reconsider the vote by which such establishment or change of grade was made, which reconsideration of such vote shall be by a majority of all the members of the City Council. But if no such reconsideration of such vote shall be had within fifty (50) days after the vote of the City Council so establishing or changing the grade of the street, where damages are so claimed, or if on such reconsideration two-thirds (2/3) of the members of the Council shall again vote for such establishment or change of grade, then after the expiration of six months after the work of grading such street shall have been fully completed, the City Council shall appoint five free-holders of the city, no two of whom shall reside in the same ward, as Commissioners, to view the premises and to ascertain and award the amount of damages and compensation to be paid to the owners of such abutting property and permanent buildings who have filed the sworn notices and certificates of such City Assessor required herein, and to assess the amount of such damages and compensation upon the lands and property to be benefited by the improvement, and in proportion to the benefits to be received by each parcel and without regard to a cash valuation. It shall take at least four of these Commissioners to make any award of damages. The Commissioners shall be sworn by the Clerk or any officer authorized to administer oaths, to

discharge their duties as such Commissioners in the matter, with fidelity and impartiality, and make due return of their action to the City Council.

They shall give notice by two publications in the official paper of the City that they will, on a day designated in such notice, which shall be at least ten days after the first publication of such notice, meet at a place designated in the notice on or near the lands and buildings which it is claimed shall have been damaged by the establishment or change in the grade of such street, and view the same, and ascertain and award therefor compensation and damages, and view the premises to be benefited by such improvement, and assess thereon, in proportion to benefits, the amount necessary to pay the compensation and damage, and that they will then and there hear such allegations and proofs as interested persons may offer, and the Commissioners shall meet and view the premises pursuant to such notice, and may adjourn from time to time after having viewed the premises, and may for the hearing of evidence and the preparation of their award and assessment, adjourn or go to any other convenient place in the City, and may have the aid and advice of staff of the Department of Public Works and of any other officer of the city. After viewing the premises, and hearing the evidence offered, the Commissioners shall prepare and make a true and impartial appraisal and award of the compensation and damages to be paid to each person whose land or buildings shall have been damaged by the establishment or change of grade of the subject street. But if the remainder of the land or of the property on which the subject buildings stand, or the remainder of the lot or parcel connected therewith, shall be benefited by such establishment or change of grade of the street, then the Commissioners, in considering and awarding compensation and damages, shall also consider, estimate and offset the benefits which will accrue to the same owner in respect to the remainder of the same property, and award the owner only the excess of the compensation or damages over and above such benefits. The Commissioners shall then assess the amount of such compensation and damages so awarded upon the land and real property benefited by such change of grade, and in proportion to the benefits, but in no case shall the amount of the assessment exceed the actual benefit to the lot or parcel of land, or other real property so assessed, deducting therefrom any damages or injuries to the same parcels which are less than such benefits, and assessing only the excess, and prepare and report to the City Council their appraisal and award, and if, in the judgment of the Commissioners, the whole amount of such compensation and damages, together with the cost of making such improvement, shall exceed the actual benefit to the specific property subject to assessment, they shall so indicate in their report, and shall state the amount of the excess. The Commissioners shall also report to the City Council an assessment list containing their assessment of such compensation and damages, or so much thereof as shall not exceed the actual benefits to the property so assessed, which list shall contain a brief description of each tract or parcel of real property assessed, the name or names of the owner or owners thereof, if known, and the amount assessed thereon and the amount of the excess of such compensation and damages aforesaid, which they shall return unassessed. The report shall be presented by the Commissioners to the City Clerk of the City, who shall give notice by one publication in the official paper of the City that the report and assessment list will be presented to the City Council for confirmation at the next meeting or session of the Council occurring at least one week after the publication of the notice, at which meeting or at any subsequent meeting or session of the Council, the City Council may act upon the report and hear any complaint touching any award or assessment, or it may refer the matter to a committee of the Council to hear any complaints and report thereon. The Council may confirm the award and assessment, or either, or send the same back to the the Commission for further consideration; and the Commissioners may in such case again, upon giving notice, published once in the official paper of the City, meet at any time and place to be designated in the notice, which time shall be at least two weeks after the publication of the notice, and hear any further evidence that may be adduced by interested persons, and may adjourn from time to time, and may correct any mistakes in the award and assessments and alter and revise the same as they shall deem just and again report the same to the City Council, who may thereupon

confirm or annul the same, or the City Council may appoint a new Commission, with like powers, duties and obligations of the first Commission to make such assessment and awards, and to report the same to the City Council in like manner that the first Commission might do, and when the report and assessment lists are finally confirmed by the City Council, such confirmation shall make the award and assessment final and conclusive upon all parties interested. The City Council shall proceed, at the same time or any subsequent meeting, to levy the assessment upon the several parcels of land described in the assessment list reported by the Commissioners in accordance with the assessment so confirmed, and cause to be made, and adopt, an assessment roll of the same which may be in any form which the City Council may adopt, and from which award and assessment as so confirmed by the City Council the owner of an affected parcel may appeal to district court by serving notice of appeal upon the Mayor or the City Clerk within thirty (30) days after the City Council has adopted the assessments and by filing the notice with the clerk of district court within ten (10) days after its service; and the City Clerk, under the instruction of the City Council, shall make and prepare all forms necessary to carry out the provisions of this Section. Provided, that no award shall be greater than the amount so claimed in the sworn notice filed with the City Clerk. Provided further, that the damages and compensation to be awarded shall be the damages and compensation which shall be apparent at the end of six (6) months after the final completion of the work of the grading of the subject street.

Section 3. That Chapter 427 of the Minneapolis Code of Ordinances be amended by adding thereto a new Section 427.90 to read as follows:

427.90. Owners to Build and Repair Sidewalks. (a) It is the duty of all owners of land adjoining any street, lane or alley in the City, to construct, reconstruct and maintain in good repair any sidewalks along the side of the street, lane or alley next to the lands of such owner of land as may have been previously constructed, or as shall hereafter be constructed, or directed by the City Council to be built. The assessment shall be collected as provided for generally in this Code. The City Council may either before or after making the assessment cause such portion of such sidewalks as have not been built by the owners of the lands fronting on the same, and all street crossings, to be built by the City. Before ordering the construction of any new sidewalk the City shall, if reasonably necessary, cause the ground on which it is built to be graded in a reasonable manner.

(b) If the owner of any lot or parcel of land shall suffer any sidewalk along the same to become broken, rotten, or out of repair, it shall be the duty of the Director of Public Works to ensure the repair of the same within a reasonable time in a good, substantial and thorough manner, and to report to the City Council the cost of such repairs in each case, and a description of the lot or parcel of land abutting which such repairs are made, and such report shall be filed and preserved by the City Clerk. The City Council shall once in each year, at or as near as conveniently may be to the time of levying the yearly city taxes, assess and levy upon each of the lots and parcels of land fronting or abutting upon sidewalks which have been so repaired the cost of making the repairs. In

each case the assessments for all the repairs within the year may be combined in one assessment roll and be collected as provided for in this Code. In the case that any sidewalk shall become so out of repair as to become dangerous, and cannot be made safe without being rebuilt, and there are no funds to defray the expense of the rebuilding, it shall be the duty of the Director of Public Works to ensure the removal of the same entirely, and the expense of such removal shall be added to the cost of rebuilding when the same shall be reconstructed and collected with the assessment for the reconstruction.

The City may, however, in case it constructs any branch at the time it constructs the main line, assess in the manner above-named the whole cost thereof, and add the same to and include it with the assessment for the main line. The property owner shall be responsible for the cost and maintenance of the property's connection out to the main regardless of the location of any stop box or other interim point. The City, acting through the Director of Public Works, may, subject to such terms, and under such regulations as it may fix, require all persons using an area or any space within the lines of any street, to permit to be laid within such area or space all necessary branch pipes, both water and gas, and branch sewers to a connection with other branches, and also to be laid therein enclosed in tubes, conduits, pipes or otherwise sufficiently protected, any and all electric wires, cables, pipes, optical fibers and other facilities or means of transmission or transportation of any substance, service, or data it may at any time require laid beneath the surface of the street. And in the future no permits for the excavation or use of any area or space within the lines of a street shall be given except upon condition that it may be used by others to the extent reasonably feasible; and on condition that there may be placed therein any hydrant or other part of the water works infrastructure of the City.

Section 4. That Chapter 509 of the Minneapolis Code of Ordinances be amended by adding thereto a new Section 509.200 to read as follows:

509.200. Damage to Water Treatment and Distribution Services Infrastructure or Other Property. Any person who shall, without authority from the City Council, willfully break, remove or in any way injure, damage or interfere with any water treatment or distribution services infrastructure or property including, but not limited to the main, meter, branch water pipes, intake pipes, aqueduct, dam, bulkhead, reservoir, pump station, gate, gate house, valve, conduit, air vent, air box, air box cover, main pipe or cover, hydrant, storage tank or any part of the machinery, equipment, infrastructure or other property of the City; or who shall fill up or partially fill up any excavation, or raise or open any gate, break down or force open any doors or breach any fences of any City property, or who shall perforate or bore, or cause to be perforated or bored, any main, distributing pipe, branch pipe, aqueduct or other pipes of any kind, or cause to be made any connections or communications with any such main, distributing pipe, branch pipe, aqueduct or other pipes, or do any act to pollute the water in any river, creek, or channel anywhere in the City limits of the City, or the Mississippi River within three (3) miles above the north line of the City, or do any act to pollute any reservoir, pipe, main, aqueduct, intake pipe, storage tank or other place for collecting water for use for the City's water distribution and transmission services, on conviction thereof shall be subject to be punished as provided by Section 1.30 of this Code in addition to being subject to any other penalties or remedies, civil or criminal, provided by local, state or federal law.

Section 5. That Chapter 509 of the Minneapolis Code of Ordinances be amended by adding thereto a new Section 509.230 to read as follows:

509.230. Extension of water works and sewers. Whenever in the enlargement or extension of water works or sewers, it shall, in the judgment of the City Council, be necessary to take any private property, consisting either of land, buildings, or other private property, the City Council shall have power to acquire the same by purchase, or by condemnation, in the matter provided in this Code or other law, and in such cases of condemnation, as well as purchase, a full title in fee simple for the property acquired shall vest in the City. Provided, however, that in the case of purchase or condemnation of private property for laying sewers or water mains, where the City Council may deem it best only to obtain the right to lay and maintain the sewers or water mains over, across or through private property, the City Council may either purchase or condemn the right simply to lay, construct and maintain the mains and sewers and the necessary appendages thereto, over, across or through any private property, giving to the owner thereof the right to use of the surface of the land, except at such times and such places as the City Council or the proper board, officer or department of city government of the City of Minneapolis may find it necessary to enter upon, dig into or disturb the surface for the purpose of laying, relaying, constructing, or reconstructing or repairing such water mains or sewer pipe; and deed of purchase in such case, or the judgment of the court in the case of condemnation shall define the rights of the City and its proper boards, officers, agents, or the City Council as well as the land owners therein.

Section 6. That Chapter 509 of the Minneapolis Code of Ordinances be amended by adding thereto a new Section 509.235 to read as follows:

509.235. Procuring Grounds and Diverting Water. Whenever the City Council shall consider it necessary to procure grounds for water works, or any water-power for water works, or the right to take from any dam or pond, reservoir or other part or portion of the waters of the Mississippi River, whether the same be private or public property or rights, any and all water necessary or convenient for the purpose of being forced through the conduits, aqueducts, mains, pipes or branch pipes in the City of Minneapolis, or through any part thereof, for the benefit and use of the inhabitants and people residing at or being in the City of Minneapolis, and for the use of said City; or the right to lay intake pipes from any pump station in the City of Minneapolis belonging to said water works, through

any mill dam, mill pond, whether above, through or below water, or through the bed or bottom of any such mill dam or mill pond, or through any private real estate, whether same be water or land, or interests in any water power or water reservoir, and to lay and maintain said intake pipe or pipes, and to construct the necessary cribs and other protections of every kind necessary to lay or to protect any such intake pipe or pipes, anywhere in the Mississippi River, or the islands therein or land adjoining thereto; and the right to construct dams and reservoirs, and wing dams, anywhere in said river, whether within or above other dams, ponds or reservoirs, the City Council may exercise its power of eminent domain, or proceed under any applicable state law granting or governing proper authority.

Section 7. That Chapter 509 of the Minneapolis Code of Ordinances be amended by adding thereto a new Section 509.240 to read as follows:

509.240. Assessment for water mains. Whenever water mains shall be laid, re-laid or extended through any street or alley of the City, or any portion thereof, the City Council shall have the authority, and it shall be its duty, to levy and collect by special assessment, the cost or expense thereof or a portion thereof, in their discretion, and the cost shall not exceed the estimated cost of laying a six-inch main (including pipe hydrants, valves and all necessary specials) by a special assessment upon the property on both sides of such street or alley fronting upon such improvement. The cost not provided for by such assessment, including the increased cost of larger mains, and the cost of laying mains upon crossing streets, as well as the proportion which would otherwise be assessed against any property which is by law exempt from such assessment, shall be paid out of the water treatment and distribution services enterprise fund established by this Code or as otherwise established by law.

Section 8. That Section 509.250 of the above-entitled ordinance be amended to read as follows:

509.250. Financial management. The city shall maintain a separate enterprise fund for the water treatment and distribution services division. The water treatment and distribution services enterprise fund shall be used to record all moneys paid and payable to the city as and for water rates or rents, and all other miscellaneous moneys payable or paid to, or received by, the city finance officer from any source whatsoever to the credit of the water treatment and distribution services enterprise fund. The water treatment and distribution services enterprise fund shall also be used to record all moneys appropriated by the city council for water treatment and distribution services division purposes. All special assessments levied upon abutting property for the laying of water mains, shall when and as fast as collected be credited to the water treatment and distribution services enterprise fund. The City shall proceed to lay mains in advance of the collection of special assessments thereof, whenever there shall be sufficient moneys in the water treatment and distribution services enterprise fund in excess of other necessary or estimated demands thereon to enable advances to be made from the fund. No contract negotiated by the City Council shall be binding upon the City until the same shall be countersigned by the Finance Officer; subject to the same rules respecting the possession of funds to meet such contracts as in case of other contracts entered into in behalf of the City; but the City shall have the right to make such contract for anything pertaining to water treatment and distribution services of the City in anticipation of the sale of any bonds which the city shall have been authorized to sell, the proceeds of which are required to be set apart to the credit of the water treatment and distribution services enterprise fund of the City.

Section 9. That Chapter 509 of the Minneapolis Code of Ordinances be amended by adding thereto a new Section 509.320 to read as follows:

509.320. Repairs, Use of Other Funds . If it shall be necessary to make repairs, additions or alterations to any pumping stations, treatment facilities, equipment, water mains or other facilities of any kind related to water treatment or distribution, when there shall not be sufficient money in the water treatment and distribution services enterprise fund to defray the costs thereof, the City Council

may appropriate from the general fund of the City to the water treatment and distribution services enterprise fund, sufficient money to insure repairs.

Section 10. That Chapter 509 of the Minneapolis Code of Ordinances be amended by adding thereto a new Section 509.580 to read as follows:

509.580. Drainage of marshes, etc. Whenever any sewer of the city shall be extended to or in the vicinity of any tract of wet or marshy land either within or without the limits of the city, and the city council shall consider that the public health of the city demands the drainage of such wet or marshy land and the extension of such sewer to or into such land and beyond the lines of the streets of the city, the city council may by resolution direct the commencement of proceedings against the owner or owners of such wet or marshy land, and thereupon the City shall have the right to maintain in the District Court of the County of Hennepin, or in any other court of competent jurisdiction, an action against the owner or owners to compel a contribution from them, to defray the expense of extending such sewer to or into such lands, and the additional expense, if any expense may be caused by the necessity of enlarging the sewers through the streets of the city from such tract of land to the outlet of such sewer. In such action the court shall have power to direct the joining of other parties to such action as defendants in such manner as it shall adjudge equitable and shall make awards of such sum or sums of contribution to the expense of such sewer as it shall deem just and in proportion to the benefit to each specific parcel of such wet or marshy land as shall be affected by such sewer, but in no case to exceed the amount of benefit it shall adjudge to accrue to each of such specific parcels by reason of the extension of the sewer. The award shall stand as the determination of the court, and the City shall upon the completion of such work have judgment and execution for the several sums so awarded, which judgment shall be a specific lien upon each of the parcels of land upon which such award is made, which lien shall have priority over every other lien or charge upon such parcel, and the judgment may be enforced only against such specific property. If upon the making of the award by the court the city council shall consider the whole expense of such improvement above the amount of the award to be an excessive burden on the City, it may abandon the proceedings by paying the taxable costs in such action, or it may determine to proceed with part of the work and abandon the remainder thereof, in its discretion, or it may, in its discretion, delay the performance of the work for a period not to exceed three (3) years. Whenever the city council shall determine that any wet or marshy district in the City needs to be drained for the public health of the city or for other public benefit, then the city council may cause to be devised and carried into construction and effect a system of drainage for such wet and marshy district by sewers, or covered drains made of wood, stone, brick, or made of any other materials, or made partly of one material and partly of other materials as the city council shall determine; or by open ditches or canals, where the same will best effect the drainage of the property; or partly of sewers or covered drains, and partly of open ditches or canals or by other means specified. The city council may cause the cost of such system of sewers, covered drains, ditches, canals, or other means to be paid by a special assessment, to be made upon all the real property within such wet or marshy district, including any high land within or adjoining the same which shall be benefited by the system of drainage on the assessed value of each parcel of real property so benefited. The system of drainage for any such wet or marshy district may be constructed at one time or during one year or at different times in different years and in different parts or sections. In the event that different parts of any such system of drainage shall be constructed during different years, the city council shall first, as near as practicable, cause to be constructed the principal or main sewers, covered drains, ditches, or canals and afterwards shall cause to be constructed the branch or lateral sewers, covered drains, ditches, or canals; and then levying a special assessment for the cost of such system, or any portion thereof, it shall levy the special assessment for the principal or main sewer, covered drains, ditches, or canals, and also the cost of the branch or lateral sewers, covered drains, ditches, or canals or other portions belonging to the same system of the drainage upon all the real property so to be benefited

by the system, whether the same shall be constructed in one year or whether parts of the system shall be constructed in different years.

Section 11. That Section 509.730 of the above-entitled ordinance be amended to read as follows:

509.730. Water rates established. The City Council shall fix from time to time the water rates to be paid by the owner, lessee or occupant for each house, building or place, or any part of the same, in the City or at which water from the City water system may be used, and shall fix the time when the charges for water shall be made payable. The City Council shall also fix the water rates for customers outside of the City that are connected to the City water system. The City Council may separately enter into contracts or otherwise sell water in bulk to cities and other governmental units that are operating their own water distribution systems. Water rates shall be set by city council resolution to be effective beginning January of each year, and as revised thereafter. Water rates may be determined by factoring meter size, volume of water used, fixed charges, or any combination thereof or in any other manner authorized by state law. Charges commence when the street valve is turned on for water service. The Director of Public Works shall have the authority to make and enforce such rules and regulations as the Director shall deem appropriate to carry into effect the object and intent of this Code regarding the treatment, distribution, consumption or other use of City conveyed water, and to protect the property, interest and rights of the City. The Director of Public Works may make any rules and regulations concerning the tapping of any mains or branches, or making connections therewith, by any private parties or licensed plumbers, the Director deems appropriate. The City Council may revoke the license of any plumber licensed by the City who has disregarded the rules and regulations regarding the tapping of any mains or branches, or making connections therewith. The Director of Public Works may also make rules for the shutting off of water from any premises where rates are payable and remain unpaid. The owner of private property which property has upon it pipes connected to the City water system, shall, as well as the lessee or occupant of the premises, be liable to the City for the rents or rates of all water from the City used upon the premises. The City may recover the rates or rents for all water supplied to a property in an action against such owner, lessee or occupant, or against any or all of them.

Whereas, the Act requires adoption of a housing finance program after a public hearing held thereon for which notice was published in a newspaper of general circulation in the City at least fifteen (15) days in advance of the hearing; and

Whereas, there has been proposed a program (the "Program") for the issuance of up to \$13,900,000 of one or more of its tax-exempt Housing Revenue Bonds (Broadway Flats Apartments Project), Series 2015 (the "Bonds") to finance the acquisition and construction by Broadway Flats, LLLP, a Minnesota limited liability limited partnership (the "Developer"), of a 103-unit multifamily rental housing development and facilities functionally related and subordinate thereto, located at 2220 West Broadway Avenue in the City (the "Project"); and

Whereas, the Community Development Committee of the Minneapolis City Council, on behalf of the City held a public hearing on the Program and proposed issuance of the Bonds after at least 15 days published notice thereof and after submission of the Program to the Metropolitan Council for review and comment; and

Whereas, the City on November 18, 2014 did conduct a public hearing on the Program; and

Whereas, the Council has been advised by The Sturges Company, representing the Developer, that on the basis of information available to them, the Project is economically feasible; and

Whereas, the City desires to facilitate the development of rental housing within the community, encourage the preservation of affordable housing opportunities for residents of the City, encourage the preservation of housing facilities designed for occupancy by persons of low or moderate income within the boundaries of the City, and the maintenance of affordable units in the Project would assist the City in achieving these objectives; and

Whereas, the Program will result in the provision of decent, safe and sanitary rental housing opportunities to persons within the community; and

Whereas, this City Council has been advised that conventional, commercial financing to pay the capital costs of the Program is available only on a limited basis and at such high costs of borrowing that the economic feasibility of operating the Project would be significantly reduced, but the City

Council has been further advised that with the aid of municipal financing and resulting low borrowing costs, the Project is economically more feasible; and

Whereas, the staff of the City considers the proposed Program to be in furtherance of the housing policies of the State of Minnesota as stated in the Act and of the City as stated in the Plan; and

Whereas, the program is to be financed from the proceeds of the Bonds, to be issued by the City, and the revenues from the Project (as defined below) shall be pledged for the security and payment of the Bonds (except as may otherwise be set forth in the Indenture and Loan Agreement hereinafter referred to); and

Whereas, the proceeds of the Bonds will be used by the City to fund a loan to the Developer to finance the acquisition and construction of the Project; and

Whereas, the Developer has requested that the City issue the Bonds for the benefit of the Developer, pursuant to the terms of a Trust Indenture, dated on or after January 1, 2015 (the "Indenture"), between the City and a trustee to be selected by the Developer (the "Trustee"); and

Whereas, the Developer has requested that the City loan the proceeds derived from the sale of the Bonds to the Developer pursuant to the terms of a Loan Agreement, dated on or after January 1, 2015 (the "Loan Agreement"), between the City and the Developer, and the Developer proposes to apply the proceeds of the loan made pursuant to the terms of the Loan Agreement (the "Loan") to the payment of a portion of the costs of the acquisition, construction, and equipping of the Project and related costs; and

Whereas, the Bonds will be issued pursuant to the terms of the Indenture and this resolution and the Bonds and the interest on the Bonds: (i) shall be payable solely from the revenues pledged therefor under the Loan Agreement; (ii) shall not constitute a debt of the City within the meaning of any constitutional or statutory limitation; (iii) shall not constitute nor give rise to a pecuniary liability of the City or a charge against its general credit or taxing powers; (iv) shall not constitute a charge, lien, or encumbrance, legal or equitable, upon any property of the City other than the City's interest in the Loan Agreement; and (v) shall not constitute a general or moral obligation of the City; and

Whereas, forms of the following documents (including the exhibits referred to therein) have been submitted to the City:

- a) The Bonds;
- b) The Loan Agreement;
- c) The Indenture;
- d) A Regulatory Agreement, dated on or after January 1, 2015 (the "Regulatory Agreement"), between the City, the Developer, and the Trustee, entered into to ensure continuing compliance with certain rental and occupancy restrictions imposed by the Act and Section 142(d) of the Code, and to ensure continuing compliance with certain restrictions imposed by the City;
- e) A Bond Purchase Agreement, dated on or after the pricing date of the Bonds, between the City, the Developer, and The Sturges Company, as original purchaser of the Bonds.

The agreements described and referred to in paragraphs a through e above shall hereinafter sometimes be referred to collectively as the "Agreements";

Now, Therefore, Be It Resolved by The City Council of The City of Minneapolis:

That it is hereby found, determined and declared that:

- 1) The preservation of the quality of life in the City is dependent upon the maintenance, provision and preservation of an adequate housing stock which is affordable to persons and families of low or moderate income, that accomplishing this is a public purpose, and that many would-be providers of housing units in the City are either unable to afford mortgage credit at present market rates of interest or are unable to obtain mortgage credit because the mortgage credit market is severely restricted.
- 2) The development and implementation of the Program, and the issuance of the Bonds by the City, and the execution and delivery of the Agreements and the performance of all covenants and agreements of the City contained therein and of all other acts and things required under the Constitution and Laws of the State of Minnesota to make the Agreements and the Bonds valid and binding obligations of the City in accordance with their terms, are authorized by the Act.
- 3) The implementation of the Program for the purposes and in the manner contemplated by the Agreements conforms or will conform to all pertinent statutes, regulations and ordinances of the State of Minnesota and the City.
- 4) It is desirable that the Bonds be issued by the City, in an aggregate principal amount not to exceed \$13,900,000, on the terms set forth in the Resolution, the Indenture, the Loan Agreement, the Regulatory Agreement and the Bonds.
- 5) The payments required or provided for by the Agreements are intended to produce income and revenues sufficient to provide for the payment when due of principal of and interest on the Bonds issued under the Resolution, and payments are required to be made for such expenses of, among other things, administration of the Program as will be necessary to protect the interests of the City.
- 6) Pursuant to the provisions of the Act, and as provided in the Agreements, the Bonds shall be retired solely from the revenues of the Project.

Be It Further Resolved that the Agreements in substantially the forms submitted to the City at this meeting are hereby approved. Such of the documents as require the execution of the City are hereby authorized and directed to be executed or accepted, as the case may be, and delivered in the name and on behalf of the City by its Finance Officer upon execution thereof by the parties thereto as appropriate. The Bonds and the Agreements shall be executed and delivered as provided therein. Copies of all the documents necessary for the consummation of the transactions described herein and in the Agreements shall be delivered, filed and recorded as provided herein and in the Agreements.

Be It Further Resolved that the form and terms of the Agreements may be varied prior to execution and delivery by the parties thereto, provided that any such variance shall not be, in the opinion of the City's legal counsel and the Finance Officer, materially adverse to the interests of the City. The execution and delivery of the Agreements as provided above shall be conclusive evidence of the determination that any such variance was not materially adverse to the interests of the City.

Be It Further Resolved that in anticipation of the collection of revenues of the Project, there shall be issued forthwith the Bonds, which issuance is approved, substantially in the forms and upon the terms set forth in the Agreements and the Bonds, the terms of which are for this purpose incorporated in this Resolution and made a part hereof as if fully set forth herein. The Bonds shall be dated as of the date and shall mature on the dates (subject to redemption on such earlier dates as provided in the Bonds), bear interest and be payable at the rates, all determined as set forth in the Agreements and the Bonds, to be approved, executed and delivered by the officers of the City authorized to do so by the provisions of this Resolution, which approval shall be conclusively evidenced by such execution and delivery; provided that such rates shall result in an average coupon rate not greater than two percent (2.0%) per annum with respect to the Bonds.

Be It Further Resolved that all actions of the members, employees and staff of the City heretofore taken in furtherance of the Program are hereby approved, ratified and confirmed.

Be It Further Resolved that the Bonds are hereby designated "Program Bonds" and are determined to be within the "Housing Program" and the "Program," all as defined in Resolution 88R-030 of the City adopted January 29, 1988, and as amended by Resolution 97R-402 of the City adopted December 12, 1997.

Be It Further Resolved that the execution of said Bonds to the Purchaser is hereby approved, and the Bonds are hereby directed to be delivered to the Purchaser, upon the terms and conditions set forth in the Agreements and the Bonds. The Finance Officer of the City is hereby authorized and directed to prepare and execute by manual or facsimile signature the Bonds as described in the Agreements and to deliver it to the Purchaser together with a certified copy of this Resolution, and the other documents required by the Agreements.

Be It Further Resolved that the Finance Officer is hereby authorized to execute and deliver, on behalf of the City, such other documents and certificates as are necessary or appropriate in connection with the issuance, sale, and delivery of the Bonds, including various certificates of the City, an Information Return for Tax-Exempt Private Activity Bond Issues, Form 8038, with respect to the Bonds, a certificate as to arbitrage and rebate, and similar documents, appropriate amendments to the Housing Program, and all other documents and certificates as the Finance Officer shall deem to be necessary or appropriate in connection with the issuance, sale, and delivery of the Bonds. The City hereby authorizes Kutak Rock LLP, as bond counsel to the City in connection with this financing ("Bond Counsel"), to prepare, execute, and deliver its approving legal opinions with respect to the Bonds.

Be It Further Resolved that the City will not participate in the preparation of an official statement or other disclosure document relating to the offer and sale of the Bonds (the "Disclosure Document"), and will make no independent investigation with respect to the information contained in the Disclosure Document, including the appendices thereto, and the City assumes no responsibility for the sufficiency, accuracy, or completeness of such information. The City hereby approves the Continuing Disclosure Agreement, dated on or after January 1, 2015 (the "Continuing Disclosure Agreement"), between the Developer and the Trustee, in the form now on file with the City.

Be It Further Resolved that all covenants, stipulations, obligations and agreements of the City contained in this Resolution and the aforementioned documents shall be deemed to be the covenants, stipulations, obligations and agreements of the City to the full extent authorized or permitted by law, and all such covenants, stipulations, obligations and agreements shall be binding upon the City. Except as otherwise provided in this Resolution, all rights, powers and privileges conferred and duties and liabilities imposed upon the City by the provisions of this Resolution or of

the aforementioned documents shall be exercised or performed by the City or by such members of the City, or such officers, board, body or agency thereof as may be required or authorized by law to exercise such powers and to perform such duties.

No covenant, stipulation, obligation or agreement herein contained or contained in the aforementioned documents shall be deemed to be a covenant, stipulation, obligation or agreement of any member of the City, or any officer, agent or employee of the City in that person's individual capacity, and neither the City Council nor any officer or employee executing the Bonds shall be liable personally on the Bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

No provision, covenant or agreement contained in the aforementioned documents, the Bonds or in any other document related to the Bonds, and no obligation therein or herein imposed upon the City or the breach thereof, shall constitute or give rise to any pecuniary liability of the City or any charge upon its general credit or taxing powers. In making the agreements, provisions, covenants and representations set forth in such documents, the City has not obligated itself to pay or remit any funds or revenues, other than funds and revenues derived from the Project, the proceeds of which are to be applied to the payment of the Bonds, as provided therein and in the Agreements. The Bonds shall not constitute a charge, lien or encumbrance, legal or equitable, upon any property or funds of the City except the revenue and proceeds pledged to the payment thereof, nor shall the City be subject to any liability thereon. The holders of the Bonds shall never have the right to compel any exercise of the taxing power of the City to pay the outstanding principal of the Bonds, or the interest thereon, or to enforce payment thereof against any property of the City. The Bonds shall recite in substance that the Bonds, including the interest thereon, are payable solely from the revenues and proceeds pledged to the payment thereof. The Bonds shall not constitute a debt of the City within the meaning of any constitutional or statutory limitation.

Be It Further Resolved that except as herein otherwise expressly provided, nothing in this Resolution or in the aforementioned documents expressed or implied is intended or shall be construed to confer upon any person or firm or corporation, other than the City or any holder of the Bonds issued under the provisions of this Resolution, any right, remedy or claim, legal or equitable, under and by reason of this Resolution or any provision hereof, this resolution, the aforementioned documents and all of their provisions being intended to be and being for the sole and exclusive benefit of the City and any holder from time to time of the Bonds issued under the provisions of this Resolution.

Be It Further Resolved that in case any one or more provisions of this Resolution, or of the aforementioned documents, or of the Bonds issued hereunder shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provision of this Resolution, or of the aforementioned documents, or of the Bonds, but this Resolution, the aforementioned documents, the Bonds shall be construed and enforced as if such illegal or invalid provision had not been contained therein.

Be It Further Resolved that the Bonds, when executed and delivered, shall contain a recital that they are issued pursuant to the Act, and such recital shall be conclusive evidence of the validity of the Bonds and the regularity of the issuance thereof, and that all acts, conditions and things required by the laws of the State of Minnesota relating to the adoption of this Resolution, to the issuance of the Bonds and to the execution of the aforementioned documents to happen, exist and be performed precedent to and in the enactment of this Resolution, and precedent to issuance of the Bonds, and precedent to the execution of the aforementioned documents have happened, exist and have been performed as so required by law.

Be It Further Resolved that in the event any of the officers of the City authorized to execute documents on behalf of the City under this resolution have resigned or shall for any reason be unable to do so, any member of the City, or officer of the City, is hereby directed and authorized to do so on behalf of the City, with the same effect as if executed by the officer authorized to do so in this Resolution.

Be It Further Resolved that the City hereby allocates up to \$13,900,000 of its 2015 (or carryover) entitlement authority to issue tax-exempt bonds pursuant to Minnesota Statutes, Chapter 474A, to the Bonds, the actual amount of such allocation to be in the aggregate principal amount of Bonds issued.

**RESOLUTION 2014R-493
By Goodman and Quincy**

Approving the Broadway Flats Tax Increment Financing Plan and establishing the Broadway Flats Tax Increment Financing District.

Resolved by The City Council of The City of Minneapolis:

Section 1. Recitals

1.1. Pursuant to Laws of Minnesota 2003, Chapter 127, Article 12, Sections 31-34, and Minneapolis Code of Ordinances, Chapter 415, the City of Minneapolis (the "City"), acting by and through its department of Community Planning and Economic Development, has been granted the authority to propose and implement city development districts, housing and redevelopment projects and tax increment financing ("TIF") districts, all pursuant to Minnesota Statutes, Sections 469.001 through 469.134, and 469.174 through 469.179, as amended, and other laws enumerated therein (collectively, the "Project Laws").

1.2. By Resolution 2012R-018 duly adopted January 27, 2012 and approved January 31, 2012, the City approved the Penn Avenue North Redevelopment Plan and thereby established the Penn Avenue North Redevelopment Project (the "Project Area").

1.3. It has been proposed and the City has caused to be prepared, and this Council has investigated the facts with respect to, the Broadway Flats TIF Plan (the "TIF Plan"). The TIF Plan creates a new housing TIF district (the "TIF District") within the Project Area, designates property to be included in the TIF District, states the City's objectives, describes proposed development activity, and identifies a budget for expenditures. These actions are all pursuant to and in accordance with the Project Laws.

1.4. The City has performed all actions required by law to be performed prior to the adoption of the TIF Plan, including, but not limited to, a review of the TIF Plan by the affected neighborhood group and the City Planning Commission, transmittal of the TIF Plan to the Hennepin County Board of Commissioners and the Board of Education of Special School District No 1 for their review and comment, and the holding of a public hearing upon published notice as required by law.

Section 2. Findings and Election

2.1. The Council hereby finds, determines and declares that the objectives and actions authorized by the TIF Plan are all pursuant to and in accordance with the Project Laws.

2.2. The Council further finds, determines and declares that the TIF Plan conforms to the general plan for the development or redevelopment of the city as a whole. Written comments of the City Planning Commission with respect to the TIF Plan were issued on October 27, 2014, are incorporated herein by reference, and are on file in the office of the City Clerk.

2.3. The Council further finds, determines and declares that the TIF Plan will afford maximum opportunity, consistent with the sound needs of the city as a whole, for the redevelopment of the Project Area and TIF District by private enterprise.

2.4. The Council further finds, determines and declares that the land in the TIF District would not be made available for redevelopment without the financial aid and public assistance to be sought.

2.5. The Council further finds, determines and declares that the TIF District is a housing district pursuant to Minnesota Statutes, Section 469.174, Subdivision 11.

2.6. The Council further finds, determines and declares that the proposed development would not reasonably be expected to occur solely through private investment within the reasonably foreseeable future.

2.7. The Council further finds, determines and declares that the reasons and facts supporting the findings in this resolution are described in the Plans.

2.8. The Council elects the method of computation provided in Minnesota Statutes, Section 469.177, Subdivision 3, Paragraph (a). The Council acknowledges that, by making this election, the entire fiscal disparity contribution required of the City for development occurring within this district will be taken from outside the TIF District.

2.9. The Council hereby finds, determines and declares that it is necessary and in the best interests of the City at this time to approve the TIF Plan.

Section 3. Approval of the TIF Plan

3.1. Based upon the findings set forth in Section 2 hereof, the TIF Plan presented to the Council on this date is hereby approved and shall be placed on file in the office of the City Clerk.

Section 4. Implementation of the TIF Plan

4.1. After passage and publication of this Resolution, the officers and staff of the City and the City's consultants and counsel are authorized and directed to proceed with the implementation of the TIF Plan, and for this purpose to negotiate, draft, prepare and present to this Council for its consideration, as appropriate, all further modifications, plans, resolutions, documents and contracts necessary for this purpose.

4.2. As provided under Minnesota Statutes, Section 469.178, Subdivision 7, this Council hereby authorizes the advance of revenues from other available development revenues of the City in the principal amount needed to offset any negative fund balances incurred with respect to this TIF District as a result of expenditures incurred prior to or in excess of the collection of tax increment revenue. The interest rate paid on such advances shall be equal to the rate of interest those revenues would have generated in their fund. In no event will the rate of interest charged on the advance exceed the statutory maximum set forth at Minnesota Statutes, Section 469.178, Subdivision 7. The term of this advance shall end upon the termination of the TIF District, although as revenues are available in the fund for the TIF District, the advance shall be offset by such amounts.

(1) *Excavation permit.* An excavation permit is required to excavate that part of the right-of-way described in such permit and to hinder free and open passage over the specified portion of the right-of-way by placing equipment or facilities described therein, to the extent and for the duration specified therein.

(2) *Obstruction permit.* An obstruction permit is required to hinder free and open passage over the specified portion of right-of-way by placing equipment described therein on the right-of-way for the duration specified therein.

(3) *Street use permit.* A street use permit is a form of obstruction permit required for placing dumpsters, as defined herein, and storage containers, as defined herein, in the public right-of-way. A street use permit for a dumpster, or for a storage container, is subject to the following additional requirements for the owners and/or operators of the dumpster or storage container as conditions of permitting the dumpster or storage container to be in the right-of-way:

a. The dumpster or storage container must be placed in front of or adjacent to the property where the street use permit is issued and the address of which is shown on the face of the permit, unless some other location is specifically designated in the permit.

b. The dumpster or storage container shall not be located (as the following terms are defined in Title 18 of this Code):

1. On a sidewalk or on a boulevard between a sidewalk and a roadway;

2. In front of a public or private driveway or alley or within five (5) feet of the end of radius or side slope of any public or private driveway or alley with any street or highway;

11. Alongside or opposite any street excavation or obstruction when such placement would obstruct traffic;

12. Along the curb adjacent to any school property unless the dumpster is placed for the benefit of the school and with the explicit written permission of the school;

15. At any place on any pathway, sidewalk area for pedestrians or other portion of any public property which is not intended for the use of vehicles for a public roadway;

16. At any place where marked and signed fire lanes have been established by authorization of the city council; and

17. At any place where official signs prohibit the stopping, standing or parking of vehicles, unless specially called out and allowed by terms of the written permit in the specific place to be used by metes and bounds description.

c. No person shall move a dumpster or storage container not owned by such person into any prohibited area or away from a curb to a distance that is unlawful.

d. Upon the declaration by the City of a snow emergency, the owner and/or operators of any dumpster or storage container located in a street or other right-of-way subject to the snow emergency shall remove the dumpster or storage container until the street is plowed curb to curb.

e. No person shall place or cause to be placed in the public street any dumpster or storage container, without first attaching on the front and rear of the dumpster or storage container, two (2) strips of reflective material of at least twenty-five (25) square inches each. Such reflective material shall be white in color and shall be mounted at a height of not less than twelve (12) inches nor more than twenty-four (24) inches from the top of the dumpster or storage container and shall be so designed and maintained as to be visible at night from a distance of three hundred (300) feet from the dumpster or personal storage container.

f. A “dumpster” for the purposes of this section is a container that is not a vehicle as defined in Title 18 of this Code, that is intended to receive building debris and other permissible solid waste and/or recyclable materials from nearby construction projects, building renovation projects, building service projects, or re-location projects as a part of the process of actively transferring waste or recyclable materials away from the site.

g. A “storage container” for the purposes of this section is a storage container that is contracted to be delivered to a residence and used to store personal items and then picked up by a hauler and stored at a facility until it is requested to be delivered back to a residence so that the personal items may be retrieved, or a storage container that is used for the purpose of moving personal items from or to a residence as part of a change of residence.

h. The City Engineer or designee may grant an exception to these additional requirements for dumpster obstruction permits and storage container obstruction permits upon making findings that: (1) an exception is necessary to prevent substantial hardship to the applicant or a customer of the applicant, (2) an exception will not unreasonably subject the public to harm, (3) an exception is in the public interest, and (4) practical difficulties with complying with the additional requirements exist because of conditions or circumstances unique to the individual project.

i. The City Engineer, the Director of Regulatory Services, the Planning Director, the Licensing Official and the Chief of Police and their designees may enforce these additional requirements for street use permits and may delegate enforcement authority therefor to any City employee.

j. Permits pursuant to this section are subject to the requirements of Section 91.20 of this Code.

k. Dumpsters must be covered during all non-work hours so as to prevent the escape of any particulates.

No person may excavate or obstruct the right-of-way beyond the date or dates specified in the permit unless:

(1) Such person makes a supplementary application for another right-of-way permit before the expiration of the initial permit.

(2) A new permit or permit extension is granted.

Permits issued under this chapter shall be conspicuously displayed at all times at the indicated work site and shall be available for inspection by the city engineer or other city personnel acting in the line of duty. Street Use permits shall be attached to the exterior of the dumpster or storage container.

By Reich

Directing the City Engineer to proceed with a variance request from State Aid Rules per Administrative Variance to State Aid Operations Rules, Chapter 8820 effective 2011, including amendments adopted through February 4, 2013, to the Minnesota Commissioner of Transportation for the reconstruction of 54th St W between Penn Ave and Lyndale Ave.

Whereas, the City of Minneapolis wishes to reconstruct 54th St W between Penn Ave and Lyndale Ave; and

Whereas, Minnesota Department of Transportation (MnDOT) State Aid Rule 8820.9941 (Design Standards, Urban; New or Reconstruction Projects) per Administrative Variance to State Aid Operation Rules, Chapter 8820, effective October 1, 2011, require "New or reconstruction projects for urban roadway must meet or exceed the minimum dimensions indicated in the following design chart"; and
