1. Demographics of Shooting Victims for 2021 – YTD (as reported in PIMS)
   - 83% Male and 17% Female
   - 84% Black
   - 10% White (Includes Hispanic based on RMS Methodology)
   - 3% Unknown, Native American: 2%, Asian: 1%
   - Top two age groups: 17-21 (23%), 27-31 (20%)
   - City of residence: 58% Minneapolis, 42% other cities
   - 11 individuals have been shot more than once this year.
- 41 single victim incidents
- 4 incidents with 2 to 3 victims
- 3 incidents with 4 to 7 victims

Average Number of Victims By Week:
2018: 4.7
2019: 5.2
2020: 9.8
YTD 2021: 13.5
* 2018 – 2020 are for the entire year

</tr>
</tbody>
</table>

• **Carjacking’s** – 73% of the 82 reported have been in the Third and Fourth Precincts, notable drop in incidents in P5. Many of the incidents in the Fourth Precinct involve rideshare operators.
  • Geographic Clusters:
    • Franklin Ave Corridor/Phillips – mainly east of I35W
    • Central & Powderhorn Neighborhoods
    • Area between Lowry Ave N and Dowling Ave N

• **Robbery of Businesses**: 25% of the YTD incidents occurring in the past month. Every Precinct had at least two incidents per precinct. With P3 experiencing 9, and P5 having 6 incidents.
Average Number of Robberies By Week:
2018: 23
2019: 25
2020: 35
YTD 2021: 40
* 2018 – 2020 are for the entire year
Robbery Investigations

• 10/4/2021 – officers located seven confirmed carjacked vehicles, several cell phones, and seven guns including an extended drum-style magazine. Nine people were identified, charges are pending.

• 10/21/2021 – officers were able to determine several individuals involved in recent business robberies. Two firearms, a BB gun, and miscellaneous personal effects were found in the residence, six people were identified, charges are pending.
Property Crime Snapshot
Burglary: 1/1 – 10/25

<table>
<thead>
<tr>
<th>Type of Burglary</th>
<th>2019</th>
<th>2020</th>
<th>2021</th>
<th>‘20–’21 YTD % Change</th>
</tr>
</thead>
<tbody>
<tr>

</tr>
<tr>
<td>Subset – Burglaries with vehicle stolen</td>
<td>66</td>
<td>132</td>
<td>121</td>
<td>-8.3%</td>
</tr>
</tbody>
</table>

- Overall, burglary is at a 36% decrease for 2021 which combines the offense codes of “Burglary of a Business” and “Burglary of a Dwelling”
- **Burglaries of Businesses**, while down 55% compared to last year, are up +27% from 2019
- **Burglaries of dwellings** are continuing their decrease but experiencing different trends in 2021, such as occupied home burglaries via unlocked windows or theft of vehicles from burglaries
  - **Thefts of Vehicles taken during a burglary are up +83% from 2019**
Burglary Hotspots Year to Date 2021

Areas of Concentration through 10/25/21

1. Nicollet Ave Corridor from Southeastern Loring Park to Stevens Square
2. Uptown Apartment Buildings and Businesses
3. Marcy Holmes Single and Multi-unit residential properties
4. East Phillips, between Franklin Ave and Lake St
Auto Theft Hotspots Year to Date 2021

• Areas of Concentration through 10/25/21
  1. Dinkytown and Eastern Marcy Holmes
  2. Nicollet Ave Corridor from Southeastern Loring Park to Stevens Square
  3. 2400-3000 blks of 15th Ave to Cedar Ave S
  4. 29th St W between Harriet Ave and Blaisdell Ave
Theft from Motor Vehicles
1/1 – 10/25

<table>
<thead>
<tr>
<th>Type of Crime</th>
<th>2020</th>
<th>2021</th>
<th>Percent Change</th>
</tr>
</thead>
<tbody>
<tr>
<td>Catalytic Converter Thefts</td>
<td>1,195</td>
<td>1,267</td>
<td>+6.0%</td>

<td>660</td>
<td>+68.4%</td>
</tr>
<tr>
<td>Theft from Vehicles</td>
<td>3,302</td>
<td>2,583</td>
<td>-20.6%</td>
</tr>
</tbody>
</table>

- While TFMV Category is down -8% YTD, there are unique trends within the subcategories.

- Thefts of License Plates are up 68% YTD and historically tend to mirror increases in Auto Theft.

- A trend seen this year as a significant increase is the number of firearms reported stolen from vehicles across the city.
Focus Enforcement Detail Overview
What is a Focus Enforcement Detail?

• Use data and analytics to focus on:
  • Specific areas of gun violence
  • Individuals or groups
  • Time of day/day of week

• Work in collaboration with LE partners
  • ATF
  • Hennepin County Sheriff’s Office
  • FBI
  • MN State Patrol
  • Hennepin County Probation
Shootings Year To Date 1/1 - 10/25

- Shooting concentrations YTD have covered 27% of the city.
  - This amounts to 15.5 sq. miles.

- The Northern conglomerate covers 14% of the city.
  - This amounts to 8 sq. miles.

- The Southern conglomerate covers 12% of the city.
  - This amounts to 7 sq. miles.

- Each concentrated hotspot depicted in the map makes up less than 1% of the city.
Focus Enforcement Details have canvassed roughly 5 sq. miles of the City largely overlapping the hotspots we observe with shootings. Of those 5 sq. miles guns have been recovered in 4.5 sq. miles.

This is the equivalent of 9% of the City, or roughly 12 square blocks.
Focus Enforcement Detail Outcomes

The outcome of this analysis shows that the MPD is using data and analytics to direct resources to the highest priority areas.

• 34 Guns Recovered
  • 30 Handguns
  • 4 Long Guns

• 61 Arrests Made

• 18 Criminal Complaints And/Or Indictments
Minneapolis Strategic Outreach Initiative

Coordinated, public-health driven strategy that treats violence as a contagion and works to prevent and reduce community violence by stopping its spread through the work of Violence Interrupters.

Since launching in May, on average each team has conducted approximately 200 contacts and 30 mediations.

*Contacts* are engagements with individuals at high risk of being a victim or perpetrator of gun violence.

*Mediations* are active engagement to de-escalate conflicts that could lead to gun violence.

We expect to host Cure Violence Global for another technical assistance visit in November.
Group Violence Intervention

• Since launch, there have been 429 GVI participant intakes.

• In 2021, 113 custom notifications have been completed.

• We expect to host the National Network for Safe Communities/John Jay College for a technical assistance site visit in November.

• Adolescent-specific GVI: Engagement with young people under 18 has continued to increase, particularly through custom notifications with young people returning to community from the Red Wing juvenile correctional facility.
Violence Prevention Fund

• In addition to implementing evidence-informed violence intervention strategies like GVI, Next Step, and Minneapolis, we believe in lifting up the wisdom of community practice.

• Each year since 2019, we have invested in community-proposed solutions to community-identified issues related to violence with our Violence Prevention Fund.

• Earlier in 2021, we awarded approximately $350,000.

• As part of the first round of American Rescue Plan Act funding, additional funding was allocated for another round of the Violence Prevention Fund in 2021.

• In August 2021, a Request for Proposals was issued to make up to $750,000 available to community for violence prevention projects.

• So far, 10 contracts have been executed through that RFP. Additional contracts are in process.
 Violence Prevention Fund

• **American Indian OIC** will add a licensed therapist to provide trauma-informed group therapy programming with young men who are re-entering community after incarceration.

• **The Anika Foundation** will enhance a Youth Social Enterprise program by developing and hiring youth leaders, recruiting and supporting adult mentors (“block moms and dads”), and providing safe spaces, support, and wraparound services for young people.

• **Black Family Blueprint** will provide trauma-informed and healing-centered services to parents that will promote family resilience and strong parent/child relationships in order to reduce child maltreatment and mitigate the impact of trauma.
Violence Prevention Fund

• **Center for Multicultural Mediation’s** African Youth Diversion Program will use positive youth development, cultural practices, and case management to divert young people from the juvenile justice system and involvement with violence and pave the way for academic and economic success and community health, safety and vibrancy.

• **Chinese American Chamber of Commerce’s** Project URGENT will promote greater understanding of Asian gang violence, help counter the prejudice, silence and denial that can create barriers to seeking help, and strengthen the coordination, implementation, and evaluation of a comprehensive Asian Community-wide violence prevention initiative.

• **CLUES** will implement a series of multigenerational placemaking art projects to bring families and communities together, help heal historic and ongoing traumas, prevent community violence, and inspire participants to create better and healthier communities.
 Violence Prevention Fund

• **Elliot Park Neighborhood** will bring community together to collaboratively address violence and promote safety through safety patrols, built environment improvements, and street activation events.

• **Encouraging Leaders’ TEK Teens program** will address youth violence through education and technology-based mentorship for young people, parents, and community leaders.

• **Restorative Justice Community Action** will help residents build skills and assets so that they can contribute to collaborative, trauma-informed, and restorative approaches to safety in their own communities.

• **St. Olaf Lutheran Church** will engage young people in violence-free activities and promote development of non-violent coping strategies and life skills.
### Technical Assistance and Strategic Planning Support

#### Community Violence Intervention Collaborative

- In June, the Biden Administration invited Minneapolis to be one of 15 cities to participate in a national Community Violence Intervention Collaborative.
- Participating cities were matched with national agencies with expertise in violence prevention technical assistance.
- In early October, our technical assistance provider (The Health Alliance for Violence Intervention) conducted a grounding orientation for our community violence prevention contracted partners.
- In mid-October, they facilitated a landscape analysis with those partners to understand the scope of our community violence intervention efforts locally and inform forthcoming strategic planning support.
# Technical Assistance and Strategic Planning Support

**Cities United**

- Cities United is a national movement focused on eliminating violence and creating safe, healthy, and hopeful communities. They assist cities with planning and implementing violence prevention solutions by sharing best practices and innovative approaches, supporting strategic planning and infrastructure development, and building networks.

- Since 2019, Cities United has been providing technical assistance around the ongoing growth and development of the Minneapolis Office of Violence Prevention.

- In October, OVP staff hosted Cities United staff for a strategic planning site visit.

- Also in October, Director Cotton was a featured presenter at Cities United’s annual convening, a gathering of over 350 stakeholders including mayors, city leaders, youth, and representatives from public safety, faith-based, philanthropic, and community-based organizations.
Technical Assistance and Strategic Planning Support

Other Networks and Technical Assistance Providers

- National Network for Safe Communities/John Jay College of Criminal Justice
- Prevention Institute
- National Offices of Violence Prevention Network
- The Health Alliance for Violence Intervention (The HAVI)
- Cure Violence Global
Thank you.
