

Request for Committee Action

To: Ways & Means
Date: 9/19/2016
From: Information Technology
Prepared by: Barb Malinski
Presented by: Otto Doll, Chief Information Officer
File type: Action
Subcategory: Contracts & Agreements

Subject:

Contract Amendment with Konnech, Inc. for services rendered

Description:

Authorizing an increase to Contract No. C-40044 by \$60,000, for a new not-to-exceed total amount of \$260,000 to assist Information Technology in the continued phases of the Elections Management System.

Previous Actions:

September 25, 2015 - The Minneapolis City Council hereby authorizes execution of a three-year contract with Konnech, Inc. through Sept. 23, 2018, with the option to extend up to two additional one-year terms for the Elections Management System for a not-to-exceed amount of \$200,000.

Ward/Neighborhood/Address:

Not Applicable

Background/Analysis:

In April 2015, Information Technology and City Clerk's Office issued a Request for Proposal (RFP) for the design, implementation and support of a commercial-off-the-shelf (COTS) Elections Management System, along with ancillary software and services. After a thorough vetting, Konnech was the awarded vendor for this system.

Based upon the recent primary election, additional enhancements were found necessary to be implemented before the November 2016 general election. These enhancements will allow for better reporting, improved training functionality, tracking the core volunteers, and gaining staffing efficiencies.

Financial Review:

No additional appropriation required, amount included in current budget.
