RE: MPHA Executive Director

Dear Sir or Madame:

Please accept this letter and the attached resume as my application to serve as the Executive Director of the Minneapolis Public Housing Authority (MPHA).

With a BS Degree from Middlesex University and an MA in International Business from Greenwich University, I have the requisite educational background to lead and manage the MPHA. I understand finance and how to read a balance sheet. I would also bring strong financial competency as well as extensive experience in running nonprofit organizations to the MPHA. My governmental experience also would be a very important asset in this position.

I have over a decade long relationship with MPHA which started in 2010 when I was the Executive Director of the Riverside Plaza Tenants Association. In that role it was my job to delivered quality, well managed tenants advocacy for over 5,000 mostly low-income families and individuals living in the Cedar-Riverside neighborhood, many who used MPHA housing vouchers. That experience gave me a great insight into the issues as well as challenges faced by the most vulnerable members of our community. One of the
lessons I have learned is the need for a compassionate, caring and service driven housing agencies that replace the traditional landlord-tenant power dynamic.

Since 2014 when I became a City Council Member, supporting public and other forms of affordable housing have been my top priorities. I authored initiatives and helped enact policies aimed at increasing accessibility to affordable housing and support for tenant rights across the City of Minneapolis, including the Section 8 HCV anti-discrimination ordinance that gave protection to low-income Section 8 voucher holders.

I also successfully added $2.3 million in city funds for 2020 budget for the rehabilitation for the Elliot Twins thereby preserving 174 deeply affordable housing units. I know first-hand the need and importance of public housing and options that must be offered. When the Native American Community housing crisis became apparent in 2018 with the homeless encampment along Hiawatha Avenue, I worked with my colleagues in the city to establish the Navigation Center which was an innovative community partnership to address a homelessness emergency. I also worked on the Stable Homes Stable Schools program. I believe my background makes me uniquely qualified to work with all levels of governments and non-profits to bring renewed energy to the MPHA.
Very Truly Yours,

Abdi Y. Warsame
