The Minneapolis City Council directs the Legislative Department to give a report to the Budget Committee on the following no later than December 5, 2023, and make any subsequent reports to the proper committee designated by the City Council:

1. A high-level overview of participatory budgeting.
2. Examples of municipal participatory budgeting in US and global contexts.
3. Best practices related to equity and key considerations for successfully engaging residents from SREAP zip codes.
4. Any existing barriers at the city or state level.
5. Any relevant timelines or best practices around implementation of participatory budgeting over time.
6. Staff and resources needed to successfully implement participatory budgeting strategies.
