

Stable Homes Stable Schools Initiative

Why Stable Homes Stable Schools?

Because investing in stable housing for young learners is proven to break the cycle of poverty, bringing long-term economic benefits to children and our communities.

How does the program work?

Stable Homes Stable Schools is a collaborative effort by the City of Minneapolis, the Minneapolis Public Housing Authority (MPHA), Minneapolis Public Schools (MPS) and Hennepin County Health and Human Services to provide funding and services for families facing the threat of losing their home or experiencing homelessness. The initiative is intended to support up to 320 families over the first three years. It is considered a pilot program during these three years, and the partners will evaluate its success with help from University of Minnesota researchers.

- **Minneapolis Public Schools social workers** identify eligible families at 15 public schools across the city.
- There are two facets to the rental assistance being provided:
 - The **City of Minneapolis** and **MPHA** jointly fund *direct rental assistance* to families of elementary students experiencing homelessness. MPHA will administer the rental assistance.
 - A grant from the **Pohlad Family Foundation** funds emergency Housing Stability Funds to assist families that are at risk of eviction or other loss of housing.
- **Hennepin County** and the **YMCA** provide essential support services to help families succeed.

Participating Schools

School Name	Location	School Name	Location
Anishinabe Academy	3100 E. 28th St.	Andersen United	1098 Andersen Lane
Jefferson Community	1200 W. 26th St.	Sheridan International Fine Arts	1201 University Ave. NE.
Hall International	1601 Aldrich Ave. N.	Sullivan Community	3100 E. 28th St.
