

Bicycle Advisory Committee Resolution

To: Minneapolis City Council, Minneapolis Public Works

From: Minneapolis Bicycle Advisory Committee

Date: June 22, 2022

Subject: Pedicab Amendment

Pedicab Amendment

The Minneapolis Bicycle Advisory Committee supports amending the Code of Ordinances, Title 13 - Licenses and Business Regulations, Chapter 305, Pedicabs, 305.10. Definitions by removing:

“A pedicab is not power-assisted.”

We applaud the City for listening to pedicab business owners in their request to add electric-assisted pedicabs to their fleets. We hope this change will continue to grow the offerings of more sustainable alternative transportation to decrease reliance on motor vehicles, especially during large-scale events.

The BAC would also like the language to be amended in Section 305.90. Operating Restrictions and Conditions (m) to be more inclusive.

Original: “Pedicab drivers must be properly attired with a shirt, pants or shorts and secure footwear.”

Amendment: “Pedicab drivers must be clothed and have secure footwear.”
